

PUBLIC NOTICE
FRIENDS OF HIGHGATE CEMETERY TRUST

SECTION 4 AND SECTION 5 OF THE HIGHGATE CEMETERY ACT 2022

NOTICE is hereby given that, in order to provide additional space for burial at, and the conservation of, Highgate Cemetery, Swain's Lane, London N6 6PJ, the Friends of Highgate Cemetery Trust ("the Trust"), in exercise of the powers conferred on it by:

1) Section 4 of the Highgate Cemetery Act 2022 (hereinafter, "the Act"), intends to extinguish the right of burial in graves listed in the Schedule below, and remove memorials in and on those graves, for the purposes above; and

2) Section 5 of the Act, intends to disturb human remains in the graves listed in the Schedule below. Any human remains disturbed will be reinterred in the grave or in another grave in the cemetery. It is intended that the rights of burial shall be extinguished, memorials removed, and any remains disturbed on 16 July 2024 after which work for the purposes above can be carried out.

Objections

Extinguishment of burial rights and removal of monuments under section 4

If notice of objection to the extinguishment of a right of burial in any grave space is given to the Trust before 16 July 2024 by the registered owner of the right of burial and that objection is not withdrawn, the right of burial to which that objection relates may not be extinguished under section 4.

If notice of objection to the extinguishment of any rights of burial is given to the Trust by any other person before 16 July 2024 and is not withdrawn, any rights or memorial to which the objection relates may not be extinguished or removed without the consent of the Secretary of State.

Extinguishment of the rights will take place on the date above unless an objection is made. Where an objection is made but withdrawn, extinguishment will take place on the later of the date above or the date of withdrawal. Where an objection is made, and not withdrawn, the right shall be extinguished the day after the Secretary of State provides consent for that extinguishment.

Disturbance of human remains under section 5

If notice of objection to the proposed disturbance of human remains is given to the Trust before 16 July 2024 by the registered owner of the extinguished or expired right of burial, or by the registered owner of a memorial erected or placed in or on any grave spaces specified in the Schedule, or by a relative (as defined in Section 2 of the Act) of the person whose remains are proposed to be disturbed, and that objection is not withdrawn, the Trust may not exercise its powers under this section for a period of 25 years from 16 January 2024 (and, following that period, the provisions of the Act requiring notice must be complied with and provisions concerning objections, will apply).

Submission of notices of objection

Notices of objection should be sent or delivered before 16 July 2024 to: Ian Dungavell, Friends of Highgate Cemetery Trust, Swain's Lane, London N6 6PJ or emailed to ian@highgatecemetery.org with copy to info@highgatecemetery.org.

Memorials

Any memorial removed by the Trust under section 4 or 5 of the Act remains the property of the owner, but if the owner does not claim it within a period of six months after 16 July 2024 the Trust may put the memorial to such use as the Trust considers appropriate or the Trust may dispose of it.

Compensation and arbitration

If a claim for compensation for any right of burial extinguished under section 4 is made by the registered owner of the right of burial by 16 July 2024, the Trust will either confirm in writing that the right of burial extinguished is to be revived or pay the owner a sum representing the value of that right. That sum is to be agreed between the Trust and the owner, or in default of agreement, determined by an arbitrator (to be appointed by agreement between the Trust and the owner, or in default, by the President of the Royal Institution of Chartered Surveyors).
